# REPORT

OF THE

## IRISH LAND COMMISSIONERS

FOR

THE PERIOD INCLUDED BETWEEN THE 21st OF AUGUST, 1886, AND THE 22nd  
OF AUGUST, 1887.

TO HIS EXCELLENCY CHARLES, MARQUIS OF LONDONDERRY, K.P.,  
LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND.

### PART I.

REPORT OF COMMISSIONERS APPOINTED UNDER THE LAND LAW ACT OF 1881.

WE, the Commissioners appointed under the provisions of the Land Law (Ireland) Act, 1881, beg to submit to Your Excellency this Report of our proceedings during the twelve months ended on the 21st of August, 1887.

During the first six months of this period, four Sub-Commissions of three members each were employed, but owing to the very large number of applications to have fair rents fixed which were lodged during the winter, we found it necessary, with the sanction of Your Excellency and of the Lords of the Treasury, to strengthen two of the Sub-Commissions in March and two in May, by augmenting the number of members in each from three to five.

The number of fair-rent cases disposed of by Sub-Commissions in the year under review was 4,539; by Civil Bill Courts, 387; Total, 4,926.

The entire number disposed of both by Sub-Commissions and Civil Bill Courts from the date of the passing of the Land Law Act to the 22nd of August, 1887, was 127,522. The number of fair-rent cases awaiting trial by the Land Commission on the 22nd of August, 1887, was 11,437, and by Civil Bill Courts, 1,623; Total, 13,060.

The number of appeals to the Land Commission from decisions of Sub-Commissions and of Civil Bill Courts disposed of in the year was 4,474. The total number disposed of from the passing of the Act to the 22nd August, 1887, was 20,177. The number of appeals pending at the latter date was 2,950; 5,536 were pending on the 22nd August, 1886. 1,890 appeals were lodged or reinstated during the year.

Fair rents have been settled during the year by Court Valuers without litigation in 58 cases. 800 rents had been previously settled by Court Valuers and by arbitration under the 40th section of the Act.

In the year under review 2,596 rents were settled in the Court of the Land Commission by agreement between landlord and tenant under the provisions of the 8th section of the Act, and 139 in Civil Bill Courts. The total number of rents settled by agreement up to the 22nd August, 1887, was 84,672 in the Court of the Land Commission and 6,488 in the Civil Bill Courts.

The entire number of fair rents fixed by all the methods provided in the Act between the date of the passing of the Act, and the 22nd of August, 1887, was 183,957. The number of cases withdrawn, dismissed, or struck out in Court during the same period was 35,724. The total number disposed of therefore was 219,681.

The number of orders by Sub-Commissions made during the year, under the 19th section of the Act, for the erection or improvement of labourers' cottages was 13. 803 such orders had previously been made since the passing of the Act.

6,440 copies of orders made by the Land Commission, and 3,240 certificates of the filing of agreements, have been issued during the year, each copy and each certificate having been paid for by a shilling Land Commission stamp.

Seventy-five applications to have leases declared void were pending on the 22nd of August, 1886. Of these 72 have been struck out, with liberty, however, to the parties in 25 cases to apply to the Court to reinstate them. One lease has been declared void and the hearing of one case has been withdrawn. With this one excep-

tion, therefore, all applications, of which there were originally 1,477, to have leases declared void, under section 21 of the Act, are now disposed of.

524 applications were received during the year for orders fixing rents under the Labourers (Ireland) Acts, of plots of ground taken by Sanitary Authorities for the purpose of building labourers cottages thereon. Rents and other conditions were fixed by Sub-Commissions in 187 cases. In 7 cases appeals to ourselves were lodged against the Orders of Sub-Commissions. In two of these the decisions appealed against were affirmed, and in three they were varied. The total number of rents of plots for labourers' cottages fixed up to the 22nd August was 373.

In the Church Property Branch of the Commission, we have again to report that the collection of Revenue has been unsatisfactory.

The total amount collected during the year ended March 31, 1887, was, it is true, in excess, by £37,214, of the amount collected in the preceding year, the same being respectively, £386,418 and £499,204, but the increase, during 1886-7, was caused by the redemption of annual instalments in lieu of tithe-rentcharge, consequent upon sales under the Purchase of Land Act, 1885. One of the usual conditions of the sale of an estate under the provisions of that Act is that the tithe-rentcharge, or the annual instalments in lieu of tithe-rentcharge, be redeemed out of the purchase money advanced by the Land Commission. In the case of tithe-rentcharge the redemption money appears in the accounts of the Church Property Branch under the head of sales; in the case of annual instalments it swells the collection, which, but for it, would this year have shown a large reduction as compared with the collection of the year 1885-6. The arrears due at March 31, 1887, were more by £47,787 than on the 31st March, 1886. This increase of arrear is mainly due to the difficulty of landowners in collecting their rents.

We have been compelled in many cases to obtain the appointment by the Court of Chancery of receivers over estates out of which large arrears of tithe-rentcharge or of annual instalments in lieu of tithe-rentcharge were due, but we have only done so where we had reason to believe that our claims were not paid in their legal priority—tithe-rentcharge being the first charge on land after Quit and Crown rent.

There has been some increase also in arrears due by tenant purchasers, and here we think it our duty to bring under the notice of your Excellency the very significant fact that in cases where we have been obliged to take legal proceedings against such purchasers we have been able in hardly a single instance to effect a sale of a purchaser's interest against his will.

As one example of the difficulties we have to contend with, we mention the following case in the County of Louth—a purchaser and mortgagor who owed twelve half-yearly instalments was evicted from his farm after all attempts at compromise had failed. The farm was then set up for sale by us and we were obliged to buy it in, as the sale was "boycotted."

The farm still remains on our hands, though it is a very desirable piece of land, close to the town of Ardee, and in addition to the heavy costs and expenses which we have already incurred, we have now to pay a caretaker to take charge of the property.

The certainty that we have felt that a similar result would follow whenever we endeavoured to effect a sale of lands, of which we had dispossessed the purchaser for non-payment of his liabilities, has seriously embarrassed us in the administration of the Church estate, and such interference, as we have noticed above, with the free purchase of lands set up for sale in order to realise the public charge thereon, must, if extended, materially diminish the income of the Church Property, and proportionately lessen the security on which large advances of money have been made by the State.

The work of investigation of the liabilities of lands to tithe-rentcharge, which was undertaken in consequence of the rentals of tithe-rentcharge furnished by the clergy, in 1870, not having, in very many cases, supplied information sufficient for the purposes of collection, has been satisfactorily carried on during the period covered by this Report. One hundred and seventeen parishes, containing 1,113,850 acres, and subject to £26,000 annual tithe-rentcharge, payable by 2,353 persons, have been investigated and mapped during the year, and the liabilities to tithe-rentcharge of the lands therein ascertained. Four hundred and forty-two parishes, containing 4,703,631 acres, and subject to £76,154 annual tithe-rentcharge, payable by 8,921 persons, have been investigated since the work of investigation was first undertaken.

The value of this investigation may be illustrated by its results in one county, that of Antim. A disputed arrear of £1,620 was due out of certain parishes in the county, on the 1st November, 1886, and these parishes were all investigated.

Previous to investigation the whole amount mentioned above was irrecoverable for want of information as to the liability of lands. It was not known what lands were liable for the tithe-rentcharges due. After investigation £438 was paid without legal proceedings, as we were then able to satisfy the owners of the lands out of which the amount was due of their legal liability for the tithe-rentcharge we demanded. £500 has been recovered in the Civil Bill Court. Decrees for £35 have been obtained, but have not yet been executed; £169 is outstanding for recovery by legal proceedings at future sessions of the Civil Bill Court, and we have found that £478 (arrear) only is irrecoverable, owing to the Statute of Limitation, instead of £1,620 which would have been lost but for the investigation. Moreover—and this is the most important result of the investigation—an annual tithe-rentcharge of £210 previously disputed, or refused, is now fully established, and will in future be regularly collectible.

The original debt of £9,000,000 to the Commissioners for the reduction of the National Debt incurred by the Church Commissioners for the purposes of the Irish Church Act, has been reduced during the year by payments to the National Debt Commissioners to the amount of £221,635. The balance of that debt, now due, is £4,002,216.

Within the same period we borrowed £130,000, viz., £100,000 for the purposes of the Sea Fisheries Act, 1885, £10,000 for the Piers and Roads Commission under the Poor Relief (Ireland) Act, 1886, and we repaid £10,000 of the Sea Fisheries Act Loan, £1,036 of the Relief of Distressed Unions Act Loan, and £1,000 of the Piers and Roads Commission Loan.

The liabilities of the Church Estate have therefore been reduced during the year by £103,671.

The various charges on the estate, exclusive of Life Annuities specified in Table XLVI. are now—

## PART II.

### REPORT OF COMMISSIONERS APPOINTED UNDER LAND ACT, 1885.

We, the Commissioners appointed under the provisions of the 17th Section of the Purchase of Land (Ireland) Act, 1885, beg to report to your Excellency that there has been a large increase in the business of our department during the year ended on the 21st of August, 1887, as compared with the work of the preceding year. The number of applications for loans was 6,195, the amount asked for being £2,271,569, whilst in the preceding year the number of applications was 3,021, and the amount £1,483,516.

The number of loans sanctioned was 4,635, against 2,426 in the preceding year; the amount sanctioned being £1,903,123, against £1,065,444.

The amount of loans issued during the year was £1,196,938, against £197,990 in the preceding year. The total amount sanctioned since the passing of the Act to August 21st, 1887, was £2,969,117, and the total amount issued was £1,694,929.

It will be observed that there is a large difference between the amount sanctioned and the amount issued. This is inevitable.

We ourselves conduct and can expedite all the operations necessary between the lodgment of an application for a loan and the sanction of the advance, but we sanction an advance to a purchaser subject to satisfactory proof of title by the Vendor, and the time that may elapse between the sanction, and the issue of a loan depends on the nature of the Vendor's title and the activity and diligence of his solicitor in making searches, discharging queries, and preparing the necessary deeds by which the lands sold are vested in the purchaser. The result is that the number of loans provisionally sanctioned is invariably far in excess of the number issued.

The prices obtained during the year under review were slightly lower than in the preceding year, the average price having been 17·5 times the rent this year, against 18·3 times the rent last year.

The collection of instalments, in repayment of advances under the Purchase of Land Act, has been satisfactory. On the 1st of last May the number of payers under the Purchase of Land Act, 1885, on the books of the Land Commission was 1,760, and the amount due by them at that date was £16,486. On the 21st August 1,702 payers had discharged their liabilities, leaving 58\* in arrear, whose instalments, amounting to £622, remained at that date unpaid.
